

Rooibos & Honey Range (Aspalathus Linearis)

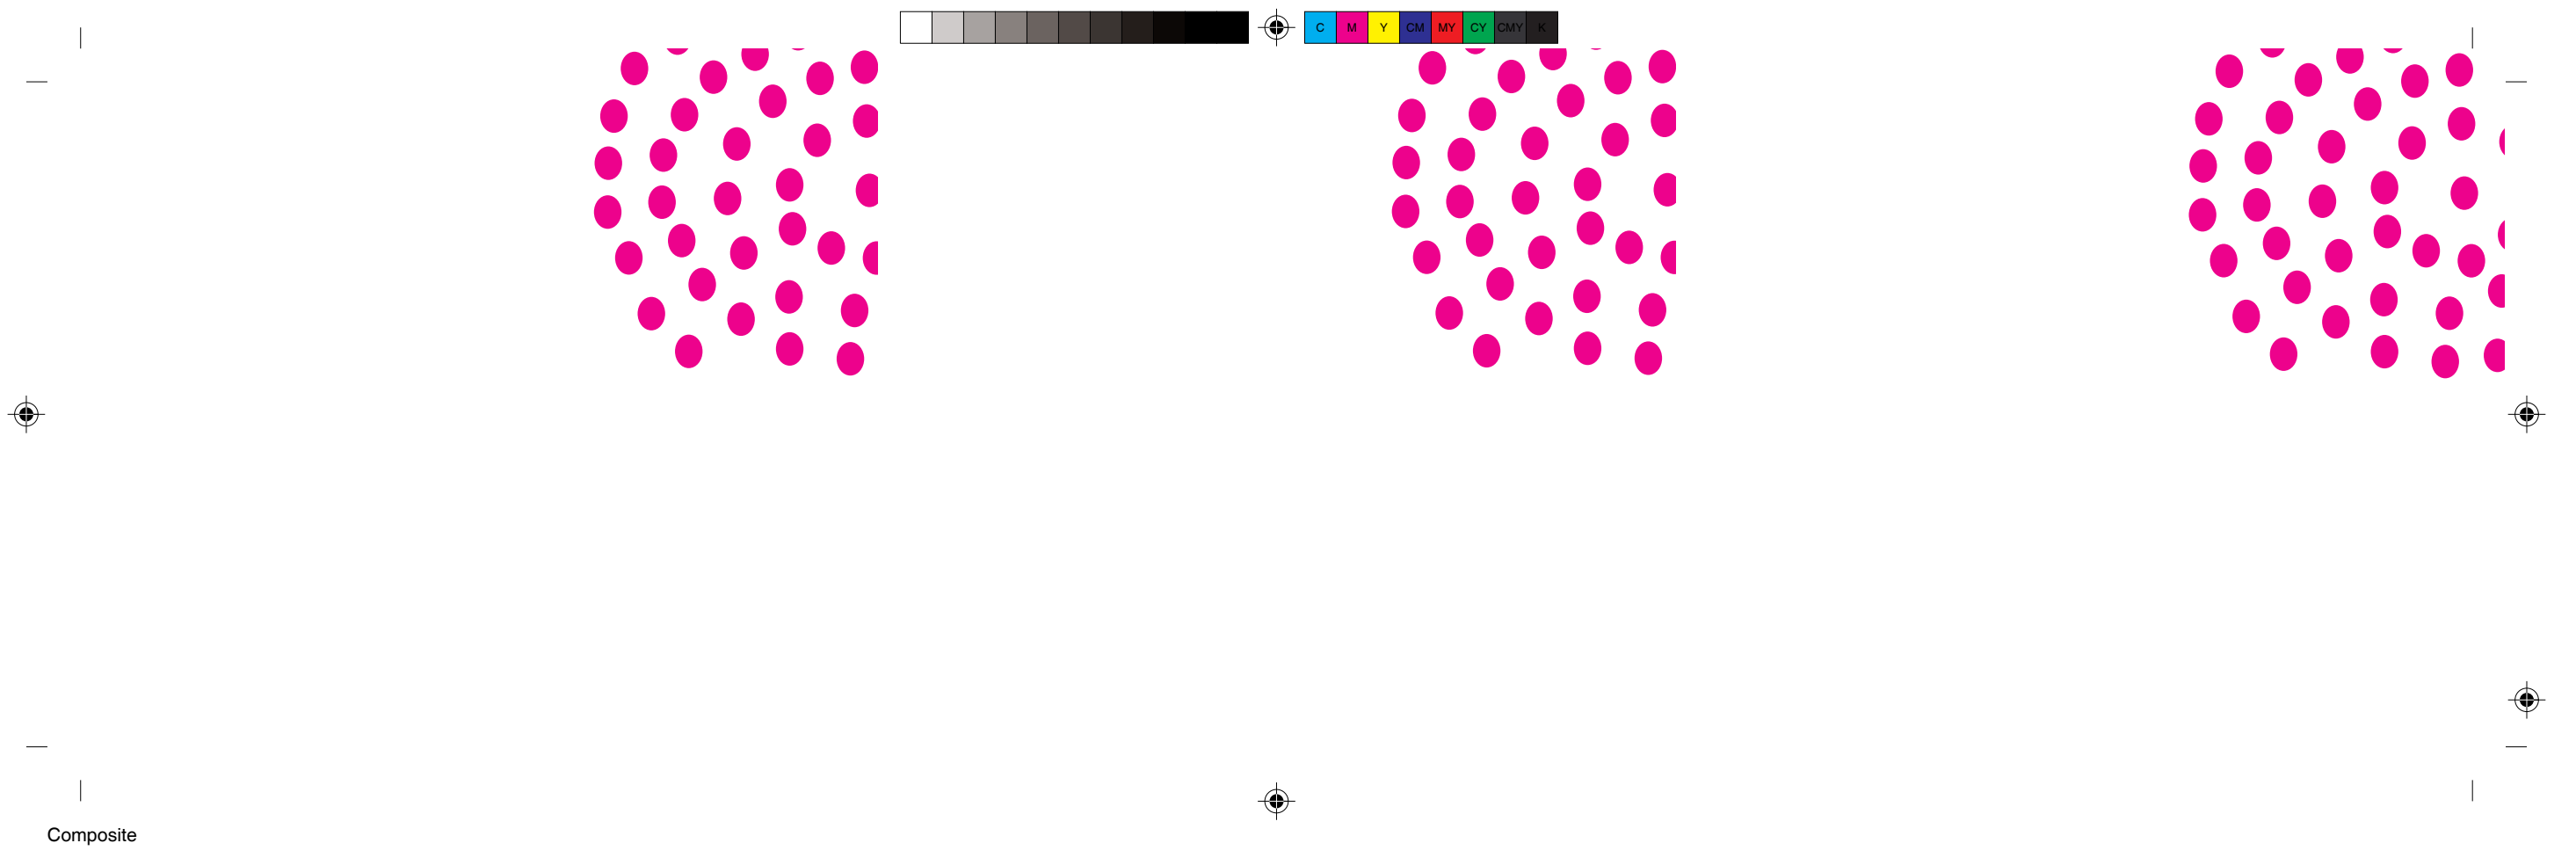

This naturally organic indigenous tea is full of anti-oxidants, which can assist in slowing the ageing process. Rooibos tea contains the minerals copper, iron, potassium & alpha-hydroxy – an excellent component for the maintenance of healthy skin.

Marula Nut Range (Sclerocarya Birrea)

Rich in antioxidants and oleic acid, this natural oil is cold pressed from the nut of the marula fruit. Marula oil is rich in components necessary for healthy skin, such as antioxidants, vitamins E and C, and oleic acid. It has free radical scavenging properties as well as a high concentration of palmitic acid which forms a protective coating on the skin's surface. Because of this, it is a great ingredient for dry skin.

Composite

MatsiMela is a premier Body Care Range that was developed by husband and wife team, Wayne and Olivia Nel. The MatsiMela Body Care Range is inspired by their love for mother-nature and the fine botanical ingredients indigenous to Africa.

All the products in the MatsiMela range are manufactured under the strictest quality control standards in their local factory based in Kya Sands, SOUTH AFRICA. They endeavor to source natural ingredients from rural communities, in their effort to support upliftment projects within Southern Africa.

The team at MatsiMela are open to suggestions and aims to grow the product range as consumers suggest.

We have introduced Gift Vouchers, now your loved ones can choose from our wonderful body care products for themselves!

Matsimela is a Sotho word meaning "roots". We are returning to our roots in all that we do, to enrich you with our African Heritage.

Our philosophy is to create a unique and ever-evolving product range that incorporates the finest natural ingredients selected for their beneficial properties. We endeavour to source our ingredients through rural communities in our commitment to make South Africa a better place for all.

Loyalty card

Become a member of the Matsimela Loyalty Club and also be in line to win great giveaways. All Matsimela Loyalty card holders are awarded for their purchases by being given a 20% discount off their 10th purchase up to a value of R500.

Baobab Range (Adansonia Digitata)

The Baobab tree is fondly called the "Tree of Life". The kernels contained within the Baobab fruit pod yield a rich, golden scented oil traditionally used by African women to protect their beautiful skin against the harsh African savannah environment. The oil has strong natural moisturizing properties and is commonly used to both prevent and cure dry skin conditions of the face and body. Baobab oil contains omega 3, 6 & 9 essential fatty acids that contribute towards the maintenance of healthy skin.
